Team Intrapreneurship:
Trigger for Disruptive Innovation

DｏT

	Connection	Focus	Change
Team work	What	Action	Execution
Self Management	How	Performance	Incremental Innovation
Team Intrapreneurship	Why	Value	Disruptive Innovation

Learning

The learning happens when the teams reflect about their action and create a new one.

## Connection and Performance

Connection with
WHAT

Connection with
HOW

Connection with
WHY

When the teams connect with the what they focus on the action and the main objective is to have the work done.
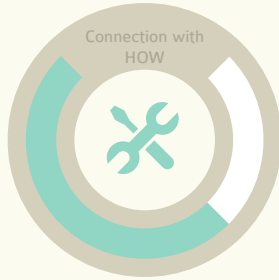

When the teams connect with the how they reflect about how they accomplish the action so they learn to improve it and they get better results.

When the teams connect with the why they reflect about the purpose and they start creating new things.

From better results to Innovation

Innovation Framework

Ecosystem
At this level we connect with more agents from outside and we create the innovation ecosystem

Where the radical innovation emerges. From making things better to creating new ones.

What   How   Why

Involvement
